Wet hair thoroughly, lather and rinse. Repeat as necessary. Follow with Nia Hydrating Conditioner.

DS Laboratories - Nirena Cleanser for Optimum Feminine Hygiene

Product ID: 25544

Nirena is a gently formulated product that strives to promote a balanced vaginal ecosystem. Most feminine hygiene products are formulated with harsh detergents and chemicals that do nothing more than mask the problem, and can even make the problem worse! Nirena uses Brazilian peppertree, barberry, burdock and other natural ingredients to prevent vaginitis, urinary tract and yeast infections. Rose oil cleanses and encourages a healthy pH balance, chamomile wards off harmful bacteria, and the body's natural defenses are strengthened by xylitol and lactitol. Used daily, Nirena improves overall health while keeping irritating and embarrassing itchiness, odors, unusual discharge and infections at bay.

All Sales Final - No Returns or Exchanges.

Retail Price: \$24.95

Usage:

Apply Nirena intimate cleanser to inner and outer areas during shower or bath. Leave on for 1-3 minutes and rinse. Daily use of Nirena helps reduce frequency of vaginal infections, discomfort, and promotes optimal hygienic conditions. Safe for pregnant or nursing women.

eau thermale Avène - Clean-AC Cleansing Cream

Product ID: 20796

Skin Type: Oily/Blemish-Prone/Sensitive.

Avène Clean-Ac Cleansing Cream Description:

Gently cleanse and comfort skin that's been compromised by irritating acne products. Avène Clean-Ac Cleansing Cream is a soap-free formulation that carefully removes daily buildup as it helps diminish the dehydrating and irritating effects of acne medications such as oral Isotretinoin, Retin-A Micro and Tazorac. This calming cleanser leaves skin moisturized, nourished and re-hydrated.

Avène Clean-Ac Cleansing Cream Features & Benefits:

- Specially designed to comfort skin that have been irritated by use of acne medications.
- Removes daily buildup and cleanses without drying skin out.
- Helps maintain the hydrolipidic film.
- Assists in reducing skin irritation.
- Anti-inflammatory, no-soap, moisturizing, nourishing formulation.
- Clinically established results.
- Soothing Avène Thermal Spring Water comforts and softens skin.
- Hypoallergenic.
- Non-comedogenic.

Retail Price: \$16.00

Usage:

Use morning and night for best results. Moisten face. Gently work Avène Clean-Ac Cleansing Cream into a lather. Rinse completely and pat dry. Follow up with a mist of Avène Thermal Spring Water to further comfort the skin.

eau thermale Avène - Clean-AC Hydrating Cream

Product ID: 20795

Indications: skin that has been irritated or dehydrated by acne treatments.
Properties: This rich yet non-greasy cream compensates for irritating and dehydrating effects of acne treatments while respecting skin sensitivity. It's hydrating and nourishing active agents help the skin regain a hydrolipidic barrier often altered by acne treatments thus restoring skin comfort.
With a very high concentration of Avene thermal spring water, your skin will benefit from all its soothing and anti-irritating properties.

Retail Price: \$16.00

Usage:

Apply morning and/or evening after thoroughly cleansing the skin with Clean-AC Derma Cleanser and soothing with a fine mist of Avene Thermal Spring Water spray.

Kinerase - Pro+Therapy C6 Peptide Intensive Treatment With Kinetin & Zeatin

Product ID: 25546

C6 Peptide provides advanced synergistic technology to improve the visible signs of skin aging and reduce the appearance of wrinkles by 27% after 30 days of treatment. Vitamin C, E and green tea extract provide additional antioxidant protection.

Retail Price: \$82.00

Usage:

After cleansing with Kinerase Gentle Daily Cleanser in the morning, gently massage 3-5 pumps of product into the skin. Be careful not to apply product any closer to the eye than the orbital bone. Follow with Kinerase® Cream or Lotion with Kinetin & Zeatin or Pro+Therapy Ultra Rich Day Repair.

Neova - DNA Total Repair

Product ID: 28309

NEW! DNA Total Repair offers the most advanced and powerful therapeutic intervention for UV-induced DNA damage. DNA Total Repair is formulated with three repair enzymes -Photolysomes, Endosomes and Mitosomes-all liposome encapsulated. The liposome delivery system has been specifically engineered for the transference of DNA repair enzymes across the stratum corneum and into the epidermal cells to enhance DNA repair of UV irradiated skin.

Damaged DNA triggers a cascade of events, starting with stress signals and advancing through the stages of DNA repair. These events are repeated with each sun exposure, whether or not sunburn forms. After decades of similar damage-and-response cycles, discolorations, wrinkles and other signs of photodamage develop; therefore, repair and removal of sun-induced DNA damage is key for defense.

- Speeds recovery from previous sun-inflicted DNA damage.
- Intensifies the skin's ability to self-correct to resist future photodamage.
- Diminishes the visible signs of DNA damage, such as fine lines, wrinkles and discolorations.
- Reduces the appearance of post-sunburn peeling.

Retail Price: \$95.00

Usage:

Apply to affected areas twice a day after cleansing. Follow with moisturizer, in addition to SPF protection after morning application.

Revaleskin - Elette Skin Clarifying System

Product ID: 29314

Kit Includes:

Creamy Wash (6.0 oz.): This luxurious, lathering cleanser removes impurities while rehydrating and refreshing the skin.
