**Aquage Product Line**

**Aquage - Beyond Body Thermal Spray**

Product ID: 72040

A thermal activated styling spray that seals and protects hair's outer layer with ceramic infused polymers and fortifying proteins to build exceptional body, strength, and shine.

All Sales Final - No Returns or Exchanges.

**Retail Price:** \$19.95

**Usage:**

Spray Beyond Body from about 8 to 10 inches away in the direction of the ends. Spray in quick short bursts until you evenly mist the entire section on which you are working. Work on sections that you can easily manage. Begin pressing at the roots and work your way toward the ends in a smooth fluid manner until you achieve a smooth texture and create the level of body desired. You can repeat the technique to increase the level of hold and control.

**Aquage - Beyond Shine**

Product ID: 72244

Beyond Shine is a dual-action formula with incredible diversity. It can be used for creating brilliant shine on any style. Or when used in combination with your Aquage Ceramic flat iron it's a thermal-pressing product that polishes, silkens and smoothes curly textures.

All Sales Final - No Returns or Exchanges.

**Retail Price:** \$6.25

**Usage:**

Beyond Shine is designed for use on either clean, dry hair or on hair that's been freshly styled with your favorite Aquage styling product. For creating maximum shine, spray from about 8 to 10 inches away and move toward the ends. Spray in quick short bursts until you create the desired level of shine. When used in combination with your Aquage Ceramic flat iron, work on sections that you can easily manage. From 8 to 10 inches away, Spray Beyond Shine on both sides of the section until you cover the entire section. Begin pressing at the roots and work your way toward the ends. Alternate pressing and combing until you achieve a silky, smooth texture.

**Aquage - Finishing Spray**

Product ID: 72041

This powerful finishing tool is designed for use on dry, freshly-styled hair. We recommend creating the base for your style with your favorite Aquage styling product. Follow with the appropriate Aquage Texturizing product for the level of texture you want to achieve. Then complete your look with Finishing Spray - the ideal finishing touch for creating hold, polish and shine.

All Sales Final - No Returns or Exchanges.

**Retail Price:** \$17.95

**Usage:**

Spray in short, even strokes, always directing the spray toward the ends. This completely seals the cuticle and creates maximum shine. Finishing Spray can be used for hold and control or for creating volume and lift away from the head. The farther away you spray, the dryer the spray when it hits the hair, creating more effective hold.

Aquage **Finishing Spray**

Spray in short, even strokes, always directing the spray toward the ends. This completely seals the cuticle and creates maximum shine. Finishing Spray can be used for hold and control or for creating volume and lift away from the head. The farther away you spray, the dryer the spray when it hits the hair, creating more effective hold.

**Aquage - Straightening Ultragel**

Product ID: 72242

Straightening Ultragel is a clear, ultra-lightweight, silicone-based styling gel. Its blend of ultra-light silicones and sea fennel oil was formulated for blow-drying curly and unruly hair. It also and transforms hard to work with hair into smooth, silky and straight texture. Provides excellent slip during blow-drying while leaving a humidity-resistant barrier and vibrant shine.

All Sales Final - No Returns or Exchanges.

**Retail Price:** \$5.55

**Usage:**

Apply Straightening Ultragel onto freshly shampooed, towel-dried hair. Comb through thoroughly from roots to end to ensure even product distribution. When blow drying to smooth and straighten curly or unruly texture, always dry each section individually, beginning at the roots and working your way toward the ends. Work on one section at a time. When finished with all sections, brush through to create fluidity in your design. For hold and control only, you can also use Straightening Ultragel while allowing your hair to dry naturally.

**Aquage - Thickening Spraygel**

Product ID: 72243

This revolutionary, firm-holding, styling spray utilizes breakthrough Ultra-Flex polymer technology to dramatically thicken and strengthen fine, thin hair that lacks body and vitality. It delivers lasting volume and style retention without dusting or flaking. It also provides excellent humidity resistance.

All Sales Final - No Returns or Exchanges.

**Retail Price:** \$6.25

**Usage:**

We recommend spraying Thickening Spraygel onto freshly shampooed, towel-dried hair. Comb through for even product distribution. When blow-drying to build volume, we recommend that you create the shape of your style by drying individual sections, beginning at the roots and working your way toward the ends. When all sections are dry, brush through to blend the sections.

---

**Aquage - Uplifting Foam**

Product ID: 72241

Uplifting Foam is a weightless volume building styling product that is applied to the hair with a pinpoint delivery system allowing you to concentrate the spray pattern at the root area for maximum volume and lift away from the scalp.

All Sales Final - No Returns or Exchanges.

**Retail Price:** \$6.25

**Usage:**

We recommend that you spray Uplifting Foam onto freshly shampooed, toweled dried hair and that you comb through from roots to ends to insure even product distribution. When blow-drying to build volume, we recommend that you concentrate drying individual sections, beginning at the root area and that you lift the hair away from the head until you create the level of volume that you desire in the root area. Then continue working your way toward the ends until the entire section is dry. When all your sections are completed, brush through to blend the sections and create fluidity in your design.

---

**Aquage - Working Spray**

Product ID: 72048

A firm-holding, non-aerosol hairspray with a workable dry-down period. This lets you use your fingers to direct the hair and create texture as you shape the style and increase hold. It's also an excellent thermal styling product that can be used as a setting lotion to build body and increase hold. Advanced polymer technology prevents it from sticking to your curling iron or ceramic flat iron.

All Sales Final - No Returns or Exchanges.

**Retail Price:** \$16.95

**Usage:**

When the goal is creating random texture and hold, spray in short, quick bursts from at least 8 to 10 inches away while directing the hair with your fingers or brush. Once you've created the desired shape of your style, spray one last mist over the entire style to lock in the hold. When using Working Spray as a thermal styler only apply to the section that you're about to press or curl. Again, spray in short, quick bursts from about 8 to 10 inches away. Be sure to spray on both sides of the section to ensure an even level of hold.
