Pevonia Product Line

Pevonia - "C" Evolutive Eye Gel

Product ID: 14617

A high-tech light gel containing the latest technology in manufacturing a new generation of liposomes: the spherulites. Spherulites are time-released liposomes, carrying active ingredients between the multi-shield, multi-lamellae structure. The hyaluronic acid contained in the spherulites releases moisture throughout the day. Rich in Vitamin C and Ginkgo, this eye gel is a must to minimize wrinkles and maintain a smooth and youthful eye contour.

Retail Price: \$66.00

Usage:

To be applied in the morning. Apply a small quantity around the contour of the eye, making sure the area is clean, use gentle tapping movements. Be careful not to apply the gel in the eyes. An excellent base for long lasting make-up. Use in conjunction with the eye cream in the evening.
