Procyte Product Line

Procyte - Complex CU3 Gentle Face Cleanser

Product ID: 17391

This soothing mist hydrates as its gentle cleansing action nourishes the skin with essential copper and vital electrolytes. It is so mild that rinsing is not required. It is a balanced nutrient solution for cellular metabolism and helps dissolve crusting.

Retail Price: \$27.00

Usage:

May be applied prior and immediately post procedure.

For use - Post laser, hair removal and after invasive microdermabrasion: Use liberally to cleansed exposed areas, applying every 2-3 hours for the first day and then every 4-6 hours for the next 7-10 days.

For use - After non-invasive microdermabrasion: Apply to gauze 4 x 4 and gently wipe skin surface to remove crystals.

May be refrigerated for extra comfort, but do not freeze.

Procyte - Complex CU3 Intensive Hydrating Gel

Product ID: 17390

This light moisturizing gel is enhanced with GHK Copper Peptide Complex may be used as you transition from acute wound healing to epithelialization. This gel soothes and protects and is light enough for acne prone complexions. The humectant glycerin aids in hydrating delicate tissue.

Retail Price: \$36.00

Usage:

Generally used several days of Complex Cu3 Intensive tissue Repair Crème after post laser or may be applied immediately post procedure if skin is particularly acne prone or if an aqueous based product is needed. The gel provides less occlusion than the crème, therefore more erythema may be notices in the first 48- 72 hours if used immediately post procedure.

For use as a step down therapy - Apply twice daily to treated areas. Use for 3-5 days or until healing is complete.

For use as a primary treatment post laser and after invasive microdermabrasion - Use liberally, covering exposed areas, applying every 2-3 hours for the first day and then every 4-6 hours for the next 7-10 days. Skin may be cleansed with Complex Cu3 gentle Cleanser or saline between applications.

For use after non-invasive microdermabrasion - Apply a thin layer and massage into skin surface, reapply twice daily for 3-5 days.

Avoid contact with eye area.

Procyte - Complex CU3 Intensive Tissue Repair Creme

Product ID: 17389

Soothing base is combined with patented GHK Copper Peptide Complex for enhanced healing immediately post-procedure. Helps prevent the formation of crusts and scabbing while maintaining skin hydration also relieves tightness and itching.

Retail Price: \$45.00

Usage:

May be applied immediately post procedure.

For use - Post laser and after invasive microdermabrasion: use liberally, covering exposed area, applying every 2-3 hours for the first day and then every 4-6 hours for the next 7-10 days. Skin may be cleansed with Complex Cu3 Gentle Cleanser or saline between applications.

For use - After non-invasive microdermabrasion: Apply a thin layer and massage into skin surface, reapply twice daily for 3-5 days.

Avoid contact with eyes.

Procyte - Complex CU3 Post-Laser Lotion

Product ID: 17388

This soothing moisturizing lotion with patented GHK Copper Peptide Complex was specifically developed for tender skin after laser hair removal, microdermabrasion or laser resurfacing. May also be used after chemical peels and dermabrasion. Provides the skin with essential copper proven to aid in wound healing and is lightweight enough to be worn under camouflage makeup.

Retail Price: \$32.60

Usage:

Apply post-procedure to skin

After laser hair removal: Apply twice daily to treated areas. Use for 3-5 days or until healing is complete.

After non-invasive microdermabrasion: Apply a thin layer and massage into skin surface. Reapply twice daily for 3-5 days.

Use daily or as directed by your physician. Immediately after shampooing, apply a generous amount to wet scalp. Gently massage into scalp and rinse off after approximately 2-3 minutes. Use for 3-4 weeks after surgery.

Procyte - GraftCyte Post-Surgical Shampoo

Product ID: 17376

For hair transplant patient post-surgical use, this uniquely formulated shampoo contains soothing aloe vera gel and provides an essential copper peptide micro nutrient to help control crusting and enhance the healing of the recipient and donor sites.

Retail Price: \$16.85

Usage:

Use daily or as directed by your physician. Wet hair and gently massage a moderate amount of shampoo into the scalp. Wait 3-5 minutes before rinsing, repeat application. use for approximately 3-4 weeks after surgery.

Procyte - Iamin Hydrating Gel

Product ID: 18827

A hydrogel for the dressing and management of pressure ulcers, diabetic ulcers, stasis ulcers, 1st and 2nd degree burns, arterial ulcers, pressure sores, donor sites, postoperative incisions, cuts,

abrasions and irritations of the skin. The hydrogel dressing is intended to cover a wound or burn on a patient's skin, provide a moist wound environment, and protect against abrasion, friction, desiccation, and contamination.

Recommended in place of IPM Wound Gel, which is no longer available.

Retail Price: \$15.00

Usage:

As needed, first cleanse the donor wound with a suitable wound cleanser. Apply IAMIN Gel Wound Dressing to sufficiently cover the entire area of the wound, once daily or, if more frequent, with each dressing change. If gauze is used as a wound covering, it may be moistened.

Precautions: Each tube of Iamin Hydrating Gel Wound Dressing should be used by one patient only in order to reduce the risk of cross infection.

Procyte - MD Lash Factor Eyelash Conditioner

Product ID: 17383

Enhances the appearance of lashes by making them longer, thicker and fuller.

Retail Price: \$140.00

Usage:

Use once a day at bedtime, Before applying, remove contact lenses, and gently wash around the eyes with a mild cleanser or mild soap. To apply draw a thin line of MD Lash Factor along the base of the upper lash liner, rather than below the lashes, along the eyelid rim. Use as if you were applying eyeliner. DO NOT USE MORE THAN ONCE A DAY!

Procyte - Ti-Silc GT Sunblock SPF 60+ (tinted)

Product ID: 19143

Ti-Silc GT Sunblock SPF 60+ provides high sun protection for post skin cancer patients as well as fair skin that burns easily. Keeping with the Ti-Silc name, this product glides on with just a hint of tint so you know you are getting optimal coverage. Tinting is so sheer, you can easily apply your favorite makeup over it.

Limiting the amount of sun exposure in combination with using sunblock may reduce the risks of skin aging, skin cancer, and other harmful effects of sun exposure.

Retail Price: \$33.20

Usage:

Apply liberally before sun exposure. Reapply as needed or after towel drying, swimming or perspiring. Children under 6 months of age, consult a physician.

Procyte - Ti-Silc Sheer SPF 45 (tinted)

Product ID: 17362

Advanced formula SPF 45 UVA-UVB sunblock for daily protection. Micronized titanium dioxide and silicone based, providing instant waterproof sunblock with a 90% UVA block. Ideal for post-laser and post-procedure sun protection. Fragrance free.

Retail Price: \$28.20

Usage:

Apply liberally before sun exposure. Reapply as needed or after towel drying, swimming, or perspiring. Children under 6 months of age: ask a doctor.

Procyte - Ti-Silc Untinted SPF 45

Product ID: 17372

Includes vitamins A & E as antioxidants. It allows you to stay in the sun up to 45 times longer than

without sunblock protection. Ti-Silc Untinted is specially formulated to work with our skin care program. Non-comedogenic, fragrance-free, paba-free, non-migrating, compatible under make-up.

Retail Price: \$28.20

Our Price: \$25.40

Usage:

Apply liberally before sun exposure. Reapply as needed or after towel drying, swimming, or perspiring. Children under 6 months of age: ask a doctor.

Procyte - Ti-Tan Sunless Tanner Lotion

Product ID: 17373

With Ti-Tan Sunless Tanner you can enjoy a golden tan in any season. Ti-Tan smooths on with a clean white appearance, is never messy and works safely on all skin types.

Non-greasy, non-streaking, natural even color, hypoallergenic, 3 day color, waterproof color and dye and pigment free.

Retail Price: \$31.40

Usage:

For best results exfoliate or wash skin before use. Ask your doctor about a glycolic wash before use. Smooth evenly over face and body. Allow lotion to dry on skin. A clean rich tan will begin to appear in 3-4 hours. Using with Ti-Tan Sunless Tanner in the night and a sunscreen during the day is recommended. Depending on your desired tanning level, with Ti-Tan Sunless Tanner can be used as little as once a week or as frequently as every other day. Wash hands after application to avoid tanning palms.

Procyte - Tricomin Conditioning Shampoo

Product ID: 17381

Designed for on-the-go convenience, contains an advanced delivery system to effectively reinforce the essential need for cleansing, moisturizing, and nutrition. Contains a unique clinically-tested Triamino Copper Nutritional Complex. Providing an optimal environment for healthy growth and appearance, your hair and scalp will benefit from this unique combination of essential amino acids, minerals and bodybuilding ingredients. Your scalp will feel enlivened, and your hair will feel thicker and fuller.

Retail Price: \$27.00

Usage:

Shampoo daily, massaging into moistened hair and scalp, leaving on for 3-5 minutes before rinsing. A second application may be made if desired. An application of TRICOMIN Follicle Therapy Spray is recommended following shampooing and drying.

Procyte - Tricomin Deep Conditioning Treatment

Product ID: 17380

Penetrating panthenol and retexturing silk amino acids are blended together to offer a deep conditioning treatment that revives damaged, over-processed or chemically treated hair. Essential moisture and healthy lustre is restored. Panthenol, with its proven superior ability to repair damaged hair, builds moisture and nutrients deep within individual strands. Silk amino acids protect the hair from water loss and leaves a soft, smooth texture. Hair looks and feels better immediately.

Retail Price: \$19.00

Usage:

After shampooing, squeeze excess water from hair. Gently massage conditioner through hair. Leave on 2 to 10 minutes depending on severity of damage. Rinse thoroughly. An application of Tricomin Follicle Therapy spray is recommended after drying.

Procyte - Tricomin Restructuring Conditioner

Product ID: 17379

Using a unique moisture and nutrient-rich framework, Tricomin helps restore natural protein and mineral balance, building structure, luster, and body into thinning, damaged and otherwise challenged hair. The nourishing formulation stimulates, invigorates, and conditions your hair while powering-up natural defense processes with the clinically-tested Triamino Copper Nutritional Complex. When used in combination with Tricomin Revitalizing Shampoo, your hair and scalp will luxuriate in the optimal environment for healthy growth and appearance.

Retail Price: \$25.85

Usage:

Condition daily after shampooing, gently massaging into moistened hair and scalp, leaving on for 3-5 minutes before rinsing. An application of TRICOMIN Follicle Therapy Spray is recommended before drying.

Procyte - Tricomin Revitalizing Shampoo

Product ID: 17378

Developed for men and women with thinning hair, combines a unique cleansing and bodybuilding formulation with the exclusive Triamino Copper Nutritional Complex to bathe your scalp with essential amino acids and minerals. Stimulates and restores health, structure, and vitality to thinning fine, or damaged hair.

Retail Price: \$21.90

Usage:

Shampoo hair daily, gently massage into moistened hair and scalp, leaving on for 3-5 minutes before rinsing. A second application may be made if desired. For best results follow shampooing with TRICOMIN Restructuring Conditioner. An application of TRICOMIN Follicle Therapy Spray is recommended after drying.

Procyte - Tricomin Solution Follicle Therapy Spray

Product ID: 17382

Designed for men and women with thinning hair, Tricomin Solution-Follicle Therapy Spray combines the benefits of clinically tested Triamino Copper Nutritional Complex with an exceptional leave-in conditioner formulation. Will enrich you hair and scalp with a unique blend of essential amino acids, minerals and body building ingredients.

Retail Price: \$64.60

Usage:

Condition and treat your hair and scalp daily by spraying liberally after shampooing. May be applied to damp or dry hair.

Procyte - Z-Silc Plus Sunblock SPF 30+

Product ID: 19015

A non-greasy sunblock offering broad-spectrum protection against the sun's damaging rays. Contains Zinc Oxide, Titanium Dioxide, as well as two chemical barriers against sun damage. Z-Silc is a patented formulation that contains zinc oxide, which provides a physical block against UVA and UVB rays. Skin feels soft, smooth and is protected. Fragrance free and oil free.

Retail Price: \$34.80

Usage:
